

MySilca App

MySilca App

Your World at a Fingertip

With MySilca App, you can keep the entire expertise and experience of your Key Partner at hand, anytime, anywhere. Available on Google Play and App Store, MySilca has been developed to meet the needs of key cutters and locksmiths worldwide and provide them real time support and updates.

SMART SEARCH

Vehicle Key Finder Pro

This tool has been designed to facilitate your search of automotive keys starting from either a Silca reference or a vehicle make and model. **VKF Pro**, available exclusively on MySilca, provides you with all the information necessary to copy a vehicle key, such as what transponder and cloning device you need, what key machines you can use to cut the blade and with the aid of what clamps and software cards.

Original Cutters Search

A selected array of key machines features also a search menu to single out the **original cutters and tracer points needed to copy different key systems**. You can start your search by choosing either the name of the cutter or the key system you want to duplicate.

Electronic Key Catalogue

The electronic catalogue of the **most extensive key database in the world** always with you.

MYSILCA APP - PLUS

Downloadable from Google Play or App Store

MySilca is available for **Android and iOS** systems*.

Optimized for tablet and smartphone

Whatever your mobile device, we guarantee that your use of MySilca is **comfortable and effortless**.

Multilingual

MySilca is available in **English, Italian, German, French, Spanish and Portuguese**. The content adjusts automatically according to the language set in your device.

Overview of all Silca products

The App features comprehensive and easy to consult **information on the entire Silca product range**, including leaflets, spare parts lists, and optional accessories guides for key cutting machines and devices.

* Minimum software version required: 4.1 for Android - 7.1 for iOS. Compatible with iPhone, iPad and iPod touch. MySilca is optimized for iPhone 5.

Exclusive technical support

Only with MySilca you will be able to access plenty of technical contents, developed by our assistance team and useful for your daily work, such as **FAQs and video tutorials**.

Remotes search menu

The section dedicated to the Air4 residential remotes grants prompt access to **all the necessary information to duplicate a remote starting from the original brand and model**, including a picture of the original device to facilitate your search. Video tutorials have been integrated here to show you step-by-step how to copy a remote on Air4.

Real time updates

Push notifications alert you in real time that updates and new products have been released.
