New T28 Transponder: applications

New functions on transponder devices

With Fast Copy and RW4, Vag®, Philips® Crypto (ID 44) transponders used on many Volkswagen®, Ford® and Seat® models will be identified as **ID 4W**.

In this way you can offer an even more complete and professional service thanks to the functions:

■ Easy Identification

With ID 4W it will be very easy to distinguish Vag®, Philips® Crypto transponders from others (Alfa Romeo® and Mitsubishi®).

■ Copy

Fast Copy and RW4 can be used to make copies of Philips® Crypto ID 4W keys on T28 transponders.

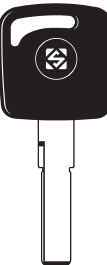

■ New keys

The keys to use to make copies of ID 4W are **HU66T28** and **HU66BT28**.

With T28 you can not only make copies, but also add new keys to the immobilizer by means of the SBB/SDD devices.

■ Software

Updates are free!

Key	Car Make	Car Model	Year	
			From	To
 HU66T28	For: Seat®	ALHAMBRA AROSA INCA	2000 2001 2000	2005 2003
	For: Volkswagen®	CABRIO GOLF CABRIO LUPO POLO SHARAN TRANSPORTER	2000 2000 2000 2000 2000 2001	2005 2004 2005 2001 2004
 HU66BT28	For: Ford® EU	GALAXY	2000	2006

All the RW4 and Fast Copy devices can be updated with the dedicated new software version 01.00.38 via Silca Remote Service or Silca Key Program Update 3/2008.
