

Air₄ Plus Remotes

Air4 Plus Remotes

Air4 Plus is the first-rate solution for duplicating residential remote controls, suitable for barriers, gates, garage doors and awnings. Air4 Plus duplicates the widest range of both fixed and rolling code remotes available on the market.

Air4 Plus

Air4 Plus duplicates the widest range of both fixed and rolling code remotes available on the market.

Air4 Plus is CE certified and designed and made entirely in Italy.

- **Air4 Plus:** for frequencies 433.92 and 868.35 MHz (AM/FM) (fixed and rolling codes).

CE Air4 Plus has been produced in conformity with CE mark European standards

"Drag and drop" Feature

Customized Air4

With Silca you will be able to make your Air4 residential remotes unique by customizing their back side.

Two areas are available for printing your brand, your logo, the address or telephone number of your shop, your website, or any other writing or image of your choice.

Air4 Plus - Advantages

Quick and easy duplication

Thanks to automatic recognition of the remote's code and frequency and the simple programming procedure.

Air4 Plus and Easy Scan Plus

Easy to use and portable, it guides you through the entire duplication process; identifying the original remote, advising which Silca remote is needed and copying the new remote.

New advanced functions

With Silca's application of NFC technology in the Easy Scan Plus and Air4 Plus, together with the new advanced software, it's possible to perform a series of functions essential for offering an effective remote duplication service.

Latest functionality always available

The same use of NFC technology means that the Air4 Plus remotes are updateable.

Easily identify an original remote

The software programme contains an extensive database of original remotes that can be searched by make, model, frequency, type of remote (fixed or rolling) etc. Photos of each original remote make the search even easier.

Choice of 5 colours

Available in red, powder blue, ivory, graphite and dove grey, Air4 Plus has contoured push buttons and a lanyard for easy attachment to key rings.

Original remote identification

Air4 Catalogue - online

The "Air4 Remote Programming Software" includes a wide and detailed "Remote catalogue", available online and easy to look through.

The database grants easy identification of original remotes and provides information on how to copy the remote and how to save it manually on the receiver.

The database can be updated with new models and functions.

Air4 Plus is suitable for:

Garage doors

Swinging gates

Sliding gates

Barriers

Awnings
