

## New Silca Proximity Keys for Nissan®

NSN14P04 - 2 buttons

NSN14P01 - 3 buttons

Emergency blade

Packaging

Silca is pleased to introduce two new references for duplicating Nissan® proximity keys. Silca Proximity Keys are the perfect solution for replacing damaged or lost proximity keys, or to have a duplicate in case of emergency.

### What are the main features?

The Silca Proximity Keys for Nissan® have a similar design as the original keys and are supplied ready-to-programme with the PCB, transponder and emergency blade included.

Available in two references, one with two and one with three function buttons (lock, unlock and boot release), they can be used on the vehicle models listed below. The keys can be programmed with Advanced Diagnostics devices.

The Silca Proximity Keys for Nissan® are packed individually in a plastic clamshell for easy identification and hook display.

CE The Silca Proximity Keys for Nissan® have been produced in conformity with CE mark European standards.

Make	Model	Chassis	From year	To year	Buttons	Trp ID	Frequency	Silca Profile
