

New Software Release Mitsubishi® 2017 ADS2281 - Code D753494AD

December 2018

Advanced Diagnostics is pleased to announce the release of a new software for Mitsubishi® 2017 ADS2281.

What does the software do?

This software will read pincodes and program keys for the Mitsubishi® Triton from 2015 onwards. All keys will be erased before programming. There is an add key option if you wish to add one additional key / remote to an existing key. The security is bypassed and followed with a seamless programming procedure. Keys and remotes are programmed separately.

What else will I need?

Smart Pro

UTP or Token Plan
