Design

Functionality above all, and ergonomics to make your work more rational, faster and more profitable. The concept is of fittings that go together to make up a work station and storage unit, functional, but also attractive to the eye.

Composability

Silca Point gives you infinite possibilities to create linear or corner arrangements. You can start in a small way and then think big as time goes by.

A Silca Idea, made in Silca

Your image is our image. You will be even more professional, recognizable and distinctive. Silca Point will make you a point of reference for quality key cutting services.
