Key Programming Software Update compatible with BMW* and Mini* CAS 3 and CAS 3+ - ADS2263 - Code D753919AD

October 2021

Advanced Diagnostics is pleased to announce an update to the application list of the ADS2263 key programming software to include many new BMW* and Mini* CAS 3 and 3+ models.

What does the software do?

The software is designed to program aftermarket slot key and remotes for BMW* and Mini* vehicles fitted with CAS 3 and 3+ modules and push button start. The remote and the transponder are programmed at the same time and the Smart Aerial is required during the procedure to program the key. Additional keys can be added without deleting existing keys.

This software is available on Smart Pro only.
