

**Software Release ADS229 - PSA PINCODE READ  
for Peugeot® and Citroën® vehicle (excluding North America)**

**Code D745912AD**

July 2015

Advanced Diagnostics are pleased to announce the release of ADS229 PSA PINCODE Read software for various Peugeot® and Citroën® vehicles found worldwide (excluding North America).

Please refer to the application list below for the models covered by this software or refer to the IQ database.

This software does NOT cover Johnson Controls equipped vehicles at present. The PIN read process takes less than 60 seconds to complete - and bladed and Proximity keys are covered.

A working key is NOT required to read the PINCODE.

Please note: during the pin reading process, it is possible that the wipers on the vehicle may be activated.

MVP Pro Customers will receive this software FREE of charge.

AD Software described in this release may not be applicable to all markets and countries: please consult with your local distributor or sales rep for further information.
