

## Software Release ADS227 Toyota® USA 2015 Code D745948AD

July 2015

Advanced Diagnostics are pleased to announce the release of ADS227 key programming software for Toyota® and Lexus® vehicles found in North America.

Toyota® 2015 software is specifically for AD100 Pro and MVP Pro programmers and will program bladed and proximity keys. No pin code or working key is required.

Please see the vehicle application list below and on the IQ tool of the Advanced Diagnostics website.

Subaru® BRZ does not support "immobilizer reset". Duplicates only if NO programmed key is available

Please update your programmer to Version 12.04 BETA.

AD Software described in this release may not be applicable to all markets and countries: please consult with your local distributor or sales rep for further information.
