New Software Release for Subaru® vehicles
ADS255 - Code D747856AD

October 2016

Advanced Diagnostics are pleased to announce the release of Subaru® 2016 ADS255 software. The new software programs keys for various Subaru® vehicles worldwide without requiring a pincode.

What does the software do?

ADS255 programs keys for vehicles with bladed and proximity / push button start systems. This new software allows for adding additional keys when at least one working key is available. The software also covers remote (RKE) programming - which is performed automatically as part of the procedure when using ADS255.

A maximum of 4 keys / remotes can be programmed.

One working key is required.

What other software and products will I need?

MVP PRO / AD100 PRO   **A or SMART DONGLE**   **ADS228 SOFTWARE**

Contact your distributor to buy ADS255 software now.
